

Gallardo & Lamas Periodontics and Implant Dentistry Launch New Website

New www.miamiperio.com website offers improved design and navigation for visitors

Miami, FL ([PRWEB](#)) January 22, 2015 -- Gallardo & Lamas Periodontics and Implant Dentistry, one of the [top dental experts in the Miami area](#), have launched their newly-designed website that will help improve the online experience of both new and current patients. The website can be found at www.miamiperio.com.

The new website was redesigned with one goal in mind: to enhance the overall experience of users. Dr. John Paul Gallardo, D.D.S., P.A., and Dr. William P. Lamas, D.M.D., M.S. desire for their patients to find the same excellence online that they encounter in person while under their care. To accomplish this goal, the doctors have launched a more modern and appealing look for the website so that visitors can easily navigate through the site and find the information they are looking for.

Furthermore, because more users visit their website using mobile devices, the new website was created using a WordPress Responsive Design. By using this framework, visitors to the site will not only find it easier to navigate, but will encounter the best possible user experience whether using a mobile phone, tablet or personal computer.

Gallardo & Lamas Periodontics and Implant Dentistry new website affords visitors a wealth of information about their superior services such as [implant dentistry](#), oral surgery, the treatment of [gum disease](#), and sedation dentistry. The website also features numerous written and video testimonials from patients who have achieved successful results with their dentistry needs while under the care of Dr. Gallardo and Dr. Lamas. The new site also features substantial video content that will help in educating about the various procedures offered at the practice.

Additionally, patients can use the website to complete their paperwork online, which will save them time on their next visit to the office. Patients will also find information about financing on the website, which will help them in planning for their procedures.

Dr. Gallardo is a graduate of the University of Miami and New York University College of Dentistry. He was one of only four doctors selected to the V.A. Medical Center General Practice Residency Program. While in the program, he received the "Outstanding Resident of the Year" award. He then completed advanced graduate studies having earned a C.A.G.S. in periodontics and dental implants from Boston University. Dr. Gallardo has earned a national and international reputation as he often lectures to dentists and hygienists, and has been sponsored by various companies to speak on such topics as dental implants and gum disease.

Dr. Lamas is a graduate of Barry University and the University of Florida College of Dentistry where he earned a Doctor of Dental Medicine Degree. He also received the American Academy of Periodontology Student Achievement Award, which is the highest award bestowed by the academy. Dr. Lamas is certified as a specialist earning a Master of Science degree from Baylor College of Dentistry-TAMUS. While at Baylor, Dr. Lamas developed a love of teaching and mentoring other doctors. He pursues pursuing this passion today as an assistant clinical professor at the University of Florida College of Dentistry. Additionally, Dr. Lamas is a proponent of organized dentistry and often works with charities to promote [oral health](#).
